JOURNAL
OF MECHANICAL ENGINEERING, SCIENCE, AND INNOVATION

Volume 2, No. 1, April 2022

Static Simulation on Speed bumps Made of Foam Concrete Foam with Durian Skin Fibers Using Ansys Software
Maraghi Muttaqin

Influence of Fluid Inflow Rate on Performance Effectiveness of Shell and Tube Type Heat Exchanger
Adinda Shalsa Bellabunda Wardhani, Alifta Titania Labumay, Erlinda Ningsih

The selection of Sufficiently Efficient ISO LNG Tanks for Applications in Industrial Estates based on Edward Lisowski and Wojciech Czyzycki
Fathan Mubina Dewadi, Raja Aziz Raja Ma'arof

Effect Stress and Vibration Analysis at NACA Airfoil towards Axial Fan Blade Performance
Eky Novianarenti, Muhammad Anis Mustaghfirin, Achmad Fardiansyah Abdillah

Mechanical Properties of Sandwich Composite using Glass Fiber Reinforced Polymer as A Skin and 3D Printed Polylactic Acid as A Core
Muhammad Ridlwan, Faisal Arif Nurgesang, Rahmat Riza, Nur Muhammad Syafi'i
